

## Cannabis Advisory Board Market Participation Subcommittee Recommendations DRAFT

**Throughout our Public Listening Sessions, the members of our Market Participation Sub-Committee heard there are several categories of Cultivators, Manufacturers, Producers, Small Retailers, and On-Site Consumption Venues that do not have a pathway towards acquiring Licenses that will legitimize their businesses.**

**There are also several Ancillary Cannabis Businesses that do not touch the cannabis plant such as Certified Public Accountants, Financial Institutions, and Manufacturers of goods that are offered to cannabis consumers that do not contain cannabis.**

**Co-operatives and Craft Cultivators will need Small Businesses to sell their Raw Product Wholesale. Small Businesses will need products to retail directly to the consumer.**

Cannabis Advisory Board  
Market Participation Subcommittee Recommendations DRAFT

Sub Sub Committee on Co-Operatives

**Recommendation:** Instruct the Commission to develop a fee structure for Co-Operative Licenses that are accessible to farming co-operatives and craft-cultivator co-operatives.

**Recommendation:** Instruct the Commission to develop Small Licenses for Manufacturing, Production, and On-Site Consumption Retailers that are accessible to Small Business Proprietors.
