COMPLIANCE WITH POSITIVE IMPACT PLAN
Progress or Success Goal 1

Description of Progress or Success: Nova Farms LLC in its original plan to positively impact areas of disproportionate impact intended on providing financial contributions to certain nonprofit organizations located in those areas. We were originally verbally informed by two of those organizations that they would accept our contributions. We have since learned that both organizations will not accept donations from cannabis companies. At that time, we began the process of locating another organization that would accept our financial contributions that met our goal to provide financial support to nonprofit community-based organizations which offer community support for people with developmental disabilities.

Nova Farms contacted Growthways, Inc. located in Brockton. Growthways, Inc. is a non-profit charitable organization whose mission is to provide community integrated programs for adults with intellectual and developmental disabilities. They provide quality services where individuals are supported and empowered to be valued, contributing members of their community.

Growthways provides education, training, advocacy, and support services to adults with intellectual disabilities in the Greater Brockton Area. Their approach is to see each person as an individual and to assist them in having the best quality of life possible. They are committed to providing high quality progressive supports in a home environment. They strive to educate and assist not only individuals and their families, but also the surrounding community, so that the people they serve can live as independently as possible and be valued members of their community. President and CEO of Growthways, Inc., Marty Berliner, confirmed that the organization is willing to accept donations from Nova Farms LLC.

Nova Farms has a provisional license and has not yet received its final license. We have requested approval of our Final Retail License but have had no sales or revenues to date. Upon receiving the Final License and commencing operations, we will begin the process of providing financial contributions to the organization.

Members of Nova Farms are already very active with local Veterans and have volunteered to serve on a fundraising committee to bring the Vietnam Veteran Memorial Wall to Attleboro, the city where our dispensary will be located. This effort is a very emotional and cathartic opportunity for Veterans throughout the local area; including the neighboring disproportionately impacted areas such as Mansfield, Walpole, Taunton. Nova Farms has reached out to this community and has planned to support the Moving Wall event both with volunteer services, providing meals for event volunteers and making a donation towards the financial support.

Nova Farms is working with the local Veteran Services Officer to provide discussions on the effects of marijuana and legislative updates. Nova Farms plans to connect with the Veterans Administration on any work programs that will help train Veterans and prepare them to transition into the civilian sector as well as learn valuable skills that are translatable in the private sector cannabis industry.

Our plan also included making our professional staff available to provide industry-specific instruction. In particular, Nova Farms will make its professional staff available for no less than an aggregate total of fifty (50) hours per year – based upon Nova Farms's licensing cycle - for educational seminars for eligible residents of communities of disproportionate impact in one or more of the following areas: (i) marijuana cultivation, (ii) marijuana product manufacturing, marijuana, (iii) retailing, and/ or (iv) marijuana business training. These seminars will be held in such a manner so as to comply with the seminar training component contemplated in Commission's regulations pertaining to Social Justice Leaders.

Date generated: 04/06/2020
We have recently completed the facilities and have employed the professional staff needed to provide the educational seminars. Once we have our Final License and commence operations, we would begin providing the educational seminars. We look forward to achieving the goals in our plan.

**COMPLIANCE WITH DIVERSITY PLAN**

**Diversity Progress or Success**

**Description of Progress or Success:** Nova Farms LLC has a provisional license and has not yet received its final license. We have started the process of hiring employees to work in the retail facility in Attleboro. We held a job fair at the end of July. We intend on hiring a total of 40 to 50 employees. We have advertised the job fair in ethnic newspapers as required in our diversity plan. We intend on achieving, and hopefully surpassing, the goals set forth in our diversity plan.

THE FEDERAL CLIMATE

The United States is experiencing its next industrial revolution; cannabis. With states like Colorado, Washington, Oregon, Nevada & Alaska already selling cannabis recreationally and numerous more that are medicinally legal, the momentum is growing. Cannabis usage in the United States is experiencing unprecedented growth and will rival the best industry expansions of our country’s past. With over 60% approval rating for the legalization of marijuana according to a recent Gallup Poll, Americans are becoming more accepting of cannabis and more active consumers. It is estimated that by the year 2021, the adult recreational cannabis industry in the North America will top $20 billion. Recent congressional and presidential statements have indicated strong support for states rights to implement their own cannabis policies. Moreover, with the resignation of former Attorney General Jeff Sessions, it creates a more open playing field in cannabis. With demand rising, public sentiment increasing, and states willing to allow legalized cannabis sales the time is right to seize this opportunity. There will never be a better time to get into the next industrial revolution.
THE MASSACHUSETTS OPPORTUNITY
Massachusetts offers a very unique opportunity in the state-by-state cannabis market. It is the first major state east of Colorado to open its doors and approve marijuana. It is also the first of the larger New England states where adult recreation has been approved as of July 2018. Neighboring states like Rhode Island, Vermont, New Hampshire and Connecticut are stalled with only medical dispensary distribution legal. The first mover advantage in Massachusetts will induce astronomical cannabis demand as was seen in states like Colorado & Washington. Cannabis consumers from neighboring states, even as far as New Jersey, will travel to Massachusetts to purchase cannabis. Local municipalities have also placed bans and moratoriums on cannabis activities which limits competition. This industry dynamic will induce a fertile market for companies to capitalize.

Estimates on the adult recreational cannabis market in Massachusetts are very robust. Arc View Market Research & New Frontier Research estimate the adult use recreational market to be $1.17 billion by 2020. Over the next few years, the legal cannabis market in Massachusetts is forecast to grow from $52.0 million in 2017 to an estimate between $1.07 - 1.20 billion in 2020 with medical and adult use sales combined.

At this time, the Executive Office of Health and Human Services is not limiting the number of registered marijuana dispensaries (RMD) that will be approved, as long as the applicants demonstrate compliance with the Humanitarian Medical Use of Marijuana Act, Ch. 369 of the Acts 2012 and its implementing regulations, 105 CMR 725.000. Applications are being reviewed on a rolling basis.

There are currently 49 Registered Medical Dispensaries (RMDs) approved to sell cannabis in the state of Massachusetts. According to the Massachusetts Cannabis Control Commission, there are 85 applicants with completed applications for the recreational cannabis market (8 of which are in Bristol County, Massachusetts). Of the 85 applications submitted two have been approved for recreational sales as of July 2018. BCWC is one of a handful of prioritized applicants waiting on approval to grow and sell recreationally.

Listed below are some of the current Registered Medicinal dispensaries in operation today in Massachusetts.
In 2012, 63% of Massachusetts’ voters approved Question 3 on the ballot which created the current statewide medical marijuana program. The law allowed for 35 state-licensed non-profit dispensaries. In the November 8, 2016 election, Massachusetts’ voters passed a ballot initiative making recreational cannabis legal in the state. Governor Charles Baker signed legislation on December 30, 2016 extending the start date for recreational sales by six months, to July 2018. The law imposes a 3.75 percent excise tax on commercial marijuana sales creating an immediate revenue stream for the state. More importantly, however, the law allows localities to have the authority to regulate, limit, or prohibit the operation of marijuana businesses. Since this time numerous towns have voted to prohibit cannabis retailers and cannabis producers from doing business in their municipalities. This local prohibition by towns creates a limited number of areas that cannabis facilities can operate placing a very high value on RMD’s that have both state and municipality approval. BCWC is in a valuable position because it has both state and town acceptance.

BCWC is now poised to capture cannabis revenue from various sources. “Unlike other places where cannabis is legal, Massachusetts is within driving distance of many of the most populous places in America. This will make Massachusetts the cannabis capital of the world in short order. This cannabis tourism will drive significant revenue, tax dollars, and job growth which will make legalization very attractive to neighboring states,” said Troy Dayton, CEO of The Arcview Group. With Rhode Island to the south, Connecticut to the southwest, New York to the west and Vermont and New Hampshire to the north, Massachusetts’ recreational market will experience astonishing growth.

Attleboro has continued to transform from its manufacturing and distribution roots by streamlining infrastructure and attracting both complimentary and unique industries. Attleboro maintains a business friendly environment with a pro cannabis stance as Attleboro’s mayor elect Paul Heroux indicated during his campaign.

Attleboro’s proximity to both Providence and Boston make it an ideal location. Tourists and customers traveling from neighboring states will cross over the state line and be in Attleboro. It is the first town north of Rhode Island and will be the first stop for many marijuana tourists coming up I-95.
BCWC has been granted its provisional license from The Commonwealth of Massachusetts. This vertically integrated license allows BCWC to build out its manufacturing facility and engage in cannabis cultivation on its farm, as well as processing and retailing. BCWC can process & extract in a full laboratory, sell through a medicinal dispensary as well as through its three provisional retail licenses. From a wholesale perspective, BCWC can sell up to 30% of its cannabis to other approved RMDs or retail facilities. BCWC also has been approved through the Town of Attleboro with a secured host agreement that enables BCWC to process and sell cannabis in the town.

- Vertically Integrated License: BCWC can grow, process, & sell medicinally and recreationally
- Gateway Location: BCWC is .6 miles from Exit 1 on I-95, and will be the first dispensary to 50 million people south of the Massachusetts.
- Supply: BCWC has a host agreement in Sheffield, MA where it will maximize its canopy producing up to 5,000 pounds annually
- Branding: Ability to Create our Own Brands.
- Team Expertise: BCWC Board has extensive cannabis experience.

BCWC’s 24,700 square foot facility in Attleboro will produce an extraordinary array of cannabis products to fulfill market demand. From state-of-the art pharma grade laboratory to a high end kitchen, BCWC will manufacture concentrates and edibles in this facility. BCWC will also be cultivating its flower in an indoor grow at our farm.

TOP TIER OUTDOOR/INDOOR FLOWER
BCWC is uniquely positioned to produce high quality outdoor flower at very efficient costs giving us a strategic operational and competitive advantage. This farm in Sheffield, Massachusetts allows BCWC to maximize its canopy size to 100,000 square feet. BCWC will begin to grow outdoor in May 2019 and will be harvesting up to 5,000 pounds by October 2019. Then in November, BCWC will shift its grow to an indoor facility at 1876 North Main Street in Sheffield, MA. This will boost our flower sales as well as pre-rolls and infused pre-rolls as well.

CONCENTRATES & EXTRACTS
As has been seen in Colorado, Oregon, California & Washington, cannabis concentrates are among the fastest growing product segments with vape cartridges, shatter & wax, THC crystalline, distillates, and many other concentrated forms of cannabis leading the way. BCWC has invested in a state of the art CO2 extraction & distillery laboratory so that we can fulfill the demand for cannabis products like oral sprays, creams, transdermal patches and other concentrates.

EDIBLES
BCWC is in the process of building a state of the art kitchen so that extracts can be made into various edible products. Gummies, chews, mints, cookies and various other delectables will be produced in BCWC’s state-approved cannabis kitchen. BCWC is even investigating gluten free edibles for consumers with dietary restrictions and demands.
BCWC retail opportunity is stellar. Upon approval from the Massachusetts Cannabis Control Commission, BCWC will be allowed to sell recreational cannabis products at retail to persons over 21 years of age. Sales will take place out of three separate locations within Massachusetts. In anticipation of this approval, BCWC is working to secure a prime location off Exit 1 in Massachusetts only .6 miles from the Rhode Island border and a stone’s throw from the City of Pawtucket, RI. This location is in a high traffic area located next to big box retailers and directly across from the MBTA stop. Attleboro is an approved cannabis town that has many neighboring towns that have either banned or placed a moratorium on the sales of cannabis. BCWC has also retained two prominent attorneys to identify, license and secure two additional locations. BCWC also has active retail location opportunities in Allston-Brighton & Framingham, MA. BCWC has secured a property on Route 9 in Framingham and is in process of securing a host agreement with the city. Framingham is a cannabis friendly city surrounded by municipalities that have either banned or placed a moratorium on the sales of cannabis. Neighboring towns that have either banned or placed a moratorium on cannabis add tremendous value to BCWC strategic position.

BCWC has been working with architects for the design and build out of its first dispensary in Attleboro. The design of the dispensary will be modern, simple, with the ability to maximize its retail shelving. BCWC will stock and retail its cannabis brands as well as other competing brands within Massachusetts.
BCWC is well positioned to build and market various home-grown brands of cannabis products such as vape, concentrates and edibles. The company looks fondly upon building its own cannabis brands to establish customer loyalty in a burgeoning market.

BCWC has an arsenal of brands geared toward millennials, GenX & Baby Boom generations within Massachusetts. Plans to Comply with Local Zoning Ordinance:

BCWC has met with the Attleboro Director of Planning and determined that the property at 34 Extension Street is in an industrial zone. Attleboro Zoning Ordinance, §17-10.15 permits Registered Marijuana Dispensaries (RMD) by Special Permit in the Industrial Zone. §17-10.15 requires that an RMD be located more than 100 feet from any residential zoning district, more than 1,000 feet from another RMD, any adult entertainment use, and any public or private school, more than 500 feet from a registered daycare center, any family daycare, home and group daycare home, any public park, recreational area, or facility in which children commonly congregate.

We engaged both a surveyor and a civil engineer to prove compliance with the requirements in §17-10.15 including all of the setback requirements. We applied for the Special Permit with the Attleboro Municipal Council. The Special Permit was granted by Decision, dated November 21, 2017 and recorded in the Attleboro Land Evidence Records on December 4, 2017. The Special Permit contained several conditions with which we will comply.

The City of Attleboro has amended its zoning ordinance to permit the cultivation, product manufacturing and retail sales of adult use marijuana in the industrial zoning district in which our building is located by Special Permit. On September 11, 2018 we filed an application for a Special Permit with the Attleboro Municipal Council for our proposed plans to cultivate, product manufacture and sell at retail adult use marijuana.

(k) To cease its activities and cancel its Certificate, subject to the provisions of this Agreement;

(l) To negotiate, enter into, re-negotiate, extend, renew, terminate, modify, amend, waive, execute, acknowledge or take any other action with respect to any lease, contract, security, interest or other agreement or undertaking in respect of any of its assets or liabilities;

(m) To borrow money and issue evidences of indebtedness; to provide credit enhancements including guaranties of the indebtedness and other obligations of third parties, to secure the same by mortgage, pledge or other lien on the assets of the Company and to issue equity securities, convertible securities and warrants and options to acquire securities of the Company;

(n) To pay, collect, compromise, litigate, arbitrate or otherwise adjust or settle, any and all other claims or demands of or against the Company or to hold such proceeds against payment of contingent liability; and

(o) To make, execute, acknowledge and file any and all documents or instruments necessary, convenient or incidental to the accomplishment of the purposes of the Company.

7.2 Merger; Consolidation; Conversion. Subject to requirements of Section 8.6 herein, the Company may merge with, consolidate or be converted into another domestic or foreign limited liability company or other business entity, upon the Super Majority Consent of the
Shareholders and otherwise in accordance with the Act, the Regulations and other applicable law.

8.1 Board of Directors; Initial Composition Number. The overall management and control of the business and affairs of the Company shall be initially vested in a Board of Directors. The initial Board of Directors shall be one (1) Director. Except as expressly set forth herein, including without limitation Section 8.6 below, the Director shall have the full and complete power, authority and discretion to manage and control the business, affairs, and properties of the Company, including the appointment of officers, to make all decisions regarding those matters and to perform any and all other acts or activities customary or incident to the management of the Company’s business. The initial Director is and shall be Derek A. Ross.

8.2 Subsequent Election and Appointment of Directors. Notwithstanding Section 8.1, upon the first to occur of the following: removal (pursuant to Section 8.3 below), resignation, death or permanent disability of Derek Ross, the Company shall no longer be managed by Derek Ross, but shall instead be managed by Michael Shine as the sole Director of the Company. In the event that Michael Shine is unwilling or unable to serve as the sole Director of the Company, or upon the removal (pursuant to Section 8.3 below), death or permanent disability of Michael Shine, a new sole Director shall be designated by a written agreement executed by both (a) the holders of a majority of the Shares then owned by the “Founders” identified on Annex A hereto, and (b) the holders of a majority of the Shares then owned by Shareholders other than the “Founders.” Any dispute arising from the failure or refusal of the Shareholders to enter into such written agreement as aforesaid which is not resolved within fourteen (14) days of a Director vacancy, shall be subject to dispute resolution as set forth in Section 26.

8.3 Resignation; Removal. Any Director may resign at any time upon written notice to the Company at its principal place of business or to the chief executive officer or secretary, if any. Such resignation shall be effective upon receipt unless it is specified to be effective at some other time or upon the happening of some other event. A Director may be removed at any time by a Supermajority Consent of the Shareholders, either taken at a meeting of such Shareholders duly called and held or by the written consent of Shareholders holding not less than Supermajority Consent.

8.4 Meetings of the Shareholders; Board of Directors; Actions by Written Consent.

(a) Annual Meetings. (i) An annual meeting of the Shareholders shall be held at such place, within or without the State, on the second Monday in January at 10:00 a.m. (or on such other date and time as shall be convenient for and designated by a majority of the Shareholders, from time to time) to transact such business as may properly be brought before the meeting. (ii) An annual meeting of the Board of Directors shall be held immediately after the annual meeting of the Shareholders, or after the last adjournment thereof. The Director(s) shall hold any other regular meeting at such times and places as shall be designated in the notice of such meeting.

(b) Regular Meetings. Regular meetings of the Board of Directors shall be held
at such place or places, on such date or dates, and at such time or times as shall have been established by the Director, but at least quarterly. A written notice of each regular meeting shall not be required.

(c) **Special Meetings.** Special meetings of the Board of Directors may be called by any Director, or by the Shareholders holding at least twenty percent (20%) of the issued and outstanding Shares.

(d) **Action by Consent.** Unless otherwise restricted by this Agreement or applicable law, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee created by the Board of Directors may be taken without a meeting, by written consent of a majority of the members of the Board of Directors in lieu of such a meeting. Such written consent shall be filed with the minutes of proceedings of the Board of Directors or any committee thereof.

8.5 **Certain Responsibilities and Powers of the Board of Directors.** Except as otherwise required by law or this Agreement (including Sections 8.6 hereof), the Board of Directors may exercise all such powers and do all such acts and things as the Board of Directors may determine, in its reasonable business judgment, to be necessary or advisable for the management of the Company and the execution of Company's business plan.

8.6 **Certain Actions Requiring Supermajority Consent of the Shareholders.** Notwithstanding anything to the contrary contained in this Agreement, the following actions shall require the Supermajority Consent of the Shareholders:

(a) Entering into any merger or consolidation, or sale, transfer, or other disposition of all or substantially all of its assets to any Person or other business combination involving the Company;

(b) Approval of any sale, exchange or the granting of an exclusive license to a third party with respect to all or any material portion of the Company's Intellectual Property;

(c) The issuance of additional Shares:

(d) Effecting, approving, authorizing or permitting a liquidation, dissolution or winding up of the Company or any recapitalization, reorganization or sale of all or substantially all of the assets of the Company;

(e) Cancelling the Company’s Certificate;

(f) Payment of compensation to a Director in consideration of services rendered to the Company as a Director in excess of Fifty Thousand and 00/100 ($50,000.00) Dollars per year; and

(g) Any decision involving (1) the filing by the Company of a voluntary bankruptcy case, (2) the making by the Company of a general assignment for the benefit of its creditors, (3) the admission in writing by the Company of its inability to pay its debts as they
mature, (4) the filing by the Company of an application for, or consent to, the appointment of any receiver or a permanent or interim trustee of the Company or of all or any portion of its property, including, without limitation, the appointment or authorization of a trustee, receiver, or agent under applicable law or under a contract to take charge of its property for the purposes of enforcing a lien against such property or for the purpose of general administration of such property for the benefit of its creditors, or (5) the filing by the Company of a petition seeking a reorganization of its financial affairs or to take advantage of any bankruptcy, reorganization, insolvency, readjustment of debt, dissolution or liquidation law or statute, or an answer admitting the material allegations of a petition filed against the Company in any proceeding under any such law or statute.

8.7 Compensation of Directors. Subject to Section 8.6, a Director may be compensated for services as a Director of the Company in excess of Fifty Thousand and 00/100 ($50,000.00) Dollars, as determined from time to time by the Supermajority Consent of the Shareholders.

8.8 Officers. The Board of Directors may appoint one or more officers of the Company and may delegate or rescind, as the case may be, to such officers, subject to the other provisions of this Agreement, such responsibilities, power and authority as the Board of Directors may determine to be necessary or advisable. Officers may be removed, with or without cause and at any time, by the Board of Directors.

8.9 Director and Officers Have No Exclusive Duty to Company. Except as otherwise provided in this Agreement or in any agreement between the Company and any Shareholder, Director or officer of the Company in respect of such Person’s employment, no Director, Shareholder or officer shall be required to manage the Company on a full-time basis as his or her sole and exclusive function and any Director, Shareholder or officer may have other business interests and may engage in other activities in addition to those relating to the Company. Neither the Company nor any Shareholder shall have any right, by virtue of this Agreement, to share or participate in such other investments or activities of a Director, Shareholder or officer, as the case may be, or to the income or proceeds derived therefrom. No Director, Shareholder or officer shall incur liability to the Company or to any of the Shareholders solely as a result of engaging in any other business or venture.

9.1 Authorized Capital. The total number of Shares authorized for issuance by the Company without amendment to Section 9.1 of this Section 9.1 is: One Million (1,000,000) Shares. As of the date hereof, the number of issued and outstanding Shares is set forth on Annex A to this Agreement, which shall be amended from time to time by the Director to reflect the issuance or Transfer of Shares. To the extent applicable, and subject to the other provisions of this Section 9, the Directors are authorized to issue the remaining unissued authorized capital in consideration of cash, property (including promissory notes) or services with such rights, designations and preferences as authorized and issued in accordance with this Agreement and the Regulations.

9.2 Shares. The holders of the Shares shall have the right to vote, on the basis of one (1) vote per Share, on all matters properly voted upon by the Shareholders of the Company,
subject to the terms of this Agreement and the Act. Shareholders shall have the right to participate in Profits, Losses, and distributions of the Company in the manner set forth in this Agreement.

9.3 **Capital Contributions.** The Shareholders have made capital contributions to the Company in consideration of the issuance of their Shares, as reflected on the books of the Company. With the Consent of the Directors, Shareholders may, but no Shareholder shall be required to, make additional capital contributions to the Company.

9.4 **Issuance of Additional Shares; Other Classes or Series of Shares; Other Securities.** Subject to the other provisions of this Agreement, including Sections 8.6 and 9.5, additional authorized but unissued Shares of the Company, if any, may be issued from time to time in one or more classes or series, each of which shall have such terms, designations, preferences and other rights as may be determined by the Board of Directors and reflected in an amendment to this Agreement adopted with the Board of Directors in accordance with the terms of this Section 9. Without limiting the generality of the foregoing, the Director shall have the authority from time to time to issue common or preferred Shares in one or more classes or series, and in connection with the designation of any such class or series, to determine and fix such relative rights, powers and duties, including special voting rights and liquidation preferences (and seniority with respect to the same), and the qualifications, limitations and restrictions thereof, as shall be stated and expressed in a writing approved by the Board of Directors and an amendment to this Agreement adopted by the Board of Directors, all to the full extent now or hereafter permitted by the Act, this Agreement and the Regulations. The Board of Directors shall also have the power and authority to issue from time to time other securities in the form of debt instruments, options, warrants or securities convertible into or exchangeable for Shares of the Company subject to Sections 8.6 and 9.5 herein.

9.5 **Additional Capital from Existing Shareholders; Admission of New Shareholders; Dilution.**

(a) Subject to the other provisions of this Agreement, including this Section 9, if the Board of Directors determines in good faith that additional capital is required by the Company, the Board of Directors shall so notify the Shareholders in writing, together with a statement of the amount of capital required and the reasons therefor. Each of the Shareholders may, but shall not be required to, contribute additional capital to the Company, on a pro rata basis, as determined in good faith by the Board of Directors. If less than all of the Shareholders contribute additional capital, those Shareholders who elect to contribute capital shall likewise have the first right to participate as determined in good faith by the Board of Directors in any offering of Shares to third parties. Capital contributions shall be due and payable within the period specified in the Directors’ written notice from the Board of Directors to the Shareholders, or on such other terms as the Board of Directors may reasonably determine to be necessary and appropriate.

(b) If all of the requisite capital is not contributed by existing Shareholders of the Company, additional Shares in the Company may be issued and new Persons may become Shareholders of the Company, as determined from time to time by the Board of Directors, upon terms and conditions determined in the business judgment of the Board of Directors to be commercially reasonable, provided that each new Shareholder shall execute a counterpart
signature page or joinder to this Agreement, and agree to be bound by the terms and conditions of the Agreement, as it may be amended to reflect the terms and conditions of admission of such new Shareholders.

(c) If fewer than all of the Shareholders participate in a capital call, or if new Persons become Shareholders of the Company pursuant to this Section, the share of Shareholders in profits, losses and distributions may be adjusted when, as, and to the extent the Board of Directors deem appropriate (which determination shall be binding upon all Shareholders absent a determination that the Director acted in bad faith, or otherwise in breach of the Director’s fiduciary duty to the Shareholders).

9.6 **Capital Accounts.** A Capital Account shall be maintained for each Shareholder in accordance with Section 704 of the Code and the Treasury Regulations adopted thereunder. Without limitation of the foregoing, each such Capital Account shall be increased pursuant to the terms hereof by the Shareholder’s Capital Contributions and with its share of the Profits, shall be decreased by its share of Losses and distributions, and shall otherwise appropriately reflect transactions of the Company and the Shareholders. Profits, Losses and other Capital Account adjustments shall be determined in accordance with Treasury Regulations adopted under Section 704 of the Code.

9.7 **Withdrawals from Capital Accounts.** No Shareholder shall be entitled to receive interest on or to withdraw any amount from such Shareholder’s Capital Account other than as expressly provided herein. No Shareholder shall be entitled to withdraw as a Shareholder of the Company except as expressly permitted by the terms of this Agreement or the Act.

9.8 **Limitation on Liability.** Notwithstanding anything herein to the contrary, and except as specifically required by the Act, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and no Shareholder, Director or officer of the Company shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Shareholder, Director or an officer.

SECTION 10. **Distributions of Available Cash Flow.**

10.1 **Definition.** For any particular period, the term “Available Cash Flow” as used in this Agreement shall mean the aggregate cash revenue of the Company, including without limitation, revenue from sales of goods or services in the ordinary course of business, royalties, interest income, the sale of capital assets in the ordinary course of business and the proceeds from any business interruption insurance, but excluding Capital Contributions from Shareholders, the proceeds from a Capital Transaction, the proceeds of any debt financing and the proceeds of any casualty, life or other insurance (unless otherwise determined by the Directors) less (i) the payment or amount accrued for payment of all current operating expenses; (ii) any Compensatory Payments to Shareholders for services rendered to the Company; (iii) debt service payments; and (iv) provisions for Reserves established by the Director, but disregarding depreciation, amortization and other noncash deductions. For any particular period, Available Cash Flow and its components, including without limitation the incurring of capital expenses and reserves for reasonable working capital and other requirements and appropriate investments and reinvestments of, by or in
Company, shall be determined by the Director, in the Director’s sole and absolute discretion, and shall be binding upon all Shareholders.

10.2 Distribution of Available Cash Flow; Proceeds from Capital Transactions

(a) Available Cash Flow. Subject to the provisions of Section 10.2(c), Available Cash Flow of the Company, if any, shall be distributed among the Shareholders from time to time, as follows:

(i) Tax Distributions. First, as a tax distribution, not later than ninety (90) days following the end of each fiscal year of the Company, an amount equal to the excess of (x) each Shareholders’ Presumed Tax Liability for such fiscal year over (y) all amounts previously distributed to such Shareholder during or with respect to the fiscal year (other than any tax distribution made during such fiscal year with respect to a prior fiscal year); and

(ii) Other Distributions. All remaining Available Cash Flow shall be distributed to holders of any issued and outstanding Shares pro rata in proportion to the outstanding Shares held by Shareholders at the time the distribution is made.

(b) Capital Transactions.

(i) Tax Distributions. First, as a tax distribution, not later than thirty (30) days following receipt by the Company of the net proceeds from a Capital Transaction, an amount equal to the excess of (x) each Shareholders’ Presumed Tax Liability with respect to the Capital Transaction over (y) all amounts previously distributed to such Shareholder with respect to the Capital Transaction.

(ii) Other Distributions. Subject to the provisions of Section 10.2(c), all remaining net proceeds from a Capital Transaction shall be distributed to holders of any issued and outstanding Shares pro rata in proportion to the outstanding Shares held by Shareholders at the time the distribution is made.

(c) The foregoing provisions of Section 10.2 to the contrary notwithstanding, the Board of Directors shall have the right to apply any Available Cash Flow to be distributed to a Shareholder against any amounts due from, or required to be contributed by, such Shareholder to the Company, in any capacity. Such application of any Available Cash Flow shall be deemed to be a distribution to such Shareholder. If such Available Cash Flow is applied against any amount required to be contributed by any Shareholder to the capital of the Company, such application shall also be deemed to be a contribution to the capital of the Company.

(d) Distributions of Available Cash Flow shall be made to Shareholders of record as of the record date established by the Board of Directors for such distribution, provided however, that Tax Distributions shall be distributed to Shareholders of record for the period to which such Tax Distribution relates, even if a Person is no longer a Shareholder as of the actual date of the Tax Distribution.

(e) Notwithstanding anything to the contrary set forth in this Section 10.2, any
Available Cash Flow which arises during the dissolution or liquidation of the Company shall be distributed in accordance with Section 15 below.

SECTION 11. Allocation of Profits and Losses.

11.1 For purposes of this Section 11, after giving effect to the mandatory allocations set forth in Section 12 and all other adjustments to Capital Accounts for contributions and distributions for the Company's current fiscal year or other applicable periods, Profits or Losses for such fiscal year or other applicable period shall be allocated to the Shareholders as follows:

(a) Profits. An amount of Profits equal to the aggregate negative capital account balances of all Shareholders having negative capital accounts shall be allocated to such Shareholders in proportion to their negative capital account balances until all capital account balances of such Shareholders equal zero. Next, to each Shareholder an amount of Profits equal to the aggregate Losses previously allocated to such Shareholder, until the Shareholders have received aggregate allocations of Profit in an amount equal to the aggregate Losses previously allocated to such Shareholders. Thereafter, (i) Profits recognized in connection with a Capital Transaction shall be allocated to Shareholders in accordance with the provisions of Section 10.2(b)(ii) and all other Profits shall be allocated to Shareholders in accordance with the provisions of Section 10.2(a)(i).

(b) Losses. First, an amount of Losses equal to the aggregate positive Capital Accounts balances of all Shareholders having positive Capital Accounts shall be allocated to such Shareholders, in proportion to their positive account balances, until all Capital Account balances of such Shareholders equal zero. Next, to each Shareholder an amount of Losses equal to the aggregate Profits previously allocated to such Shareholder, until the Shareholders have received aggregate allocations of Losses in an amount equal to the aggregate Profits previously allocated to such Shareholders. Thereafter, all Losses shall be allocated to Shareholders pro-rata in proportion to the number of Shares held by each.

11.2 Subject to the foregoing, each item of income, gain, loss or expense giving rise to Profits or Losses of the Company for any period shall be allocated among the Shareholders in the same proportion as the Profits or Losses of the Company for such period are allocated among the Shareholders.

SECTION 12. Allocations to Comply With Regulations.

In order to comply with the provisions of applicable Treasury Regulation, the following special allocations of income, gain, loss and expense shall be made notwithstanding the provisions of Section 11 hereof.

12.1 Deficit Capital Account Allocations. Subject to the remaining provisions of this Section 12, in accordance with Treasury Regulation Section 1.704-1(b)(2), no allocation of expenses or losses shall be made pursuant to Section 11 hereof to the extent such allocation would cause or increase a net deficit balance in a Shareholder's Capital Account as of the end of the period to which such allocation relates. Such expenses and losses shall instead be allocated among
the other Shareholders not subject to this limitation in accordance with the number of Shares held by each. For purposes of this Section 12.1, the following rules shall apply:

(a) Each Shareholder’s net deficit balance in his or her respective Capital Account shall be determined by adding to such Capital Account balance the amount of such Shareholder’s share (as determined pursuant to Treasury Regulation Section 1.704-2) of the total minimum gain of the Company as of the end of the period with respect to which such determination is being made; and

(b) In determining whether an allocation of loss or expense would cause or increase a net deficit balance in a Shareholder’s Capital Account as of the end of the period to which such allocation relates, the initial balance in such Shareholder’s Capital Account shall be treated as if it reflected an amount equal to the excess of any distributions that, as of the end of such period, reasonably are expected to be made to such Shareholder in any future period over the net book profits reasonably expected to be allocated to such Shareholder during (or prior to) the period in which such distributions are expected to be made.

(c) Qualified Income Offset Provision. If a Shareholder unexpectedly receives an adjustment, allocation or distribution under this Agreement which causes or increases a net deficit balance in such Shareholder’s Capital Account as of the end of the period to which such adjustment, allocation or distribution relates, such Shareholder will be allocated items of income and gain in an amount and manner sufficient to eliminate such net deficit balance as quickly as possible. The rules set forth in Section 12.1(a) and (b) shall apply for purposes of determining whether any adjustment, allocation or distribution would cause or increase a net deficit balance in any Shareholder’s Capital Account.

(d) Minimum Gain Chargeback Provision. If there is a net decrease in the Minimum Gain of the Company (as determined pursuant to Treasury Regulation Section 1.704-2) during any period, then each Shareholder shall be allocated items of income and gain in accordance with the provisions of Treasury Regulation Section 1.704-2.

(e) Section 704(c) Adjustments. Income, gain, loss and deduction attributable to property contributed to the Company by a Shareholder shall be shared among the Shareholders so as to take into account any variation between the Company’s basis in such property and its fair market value as of the date it was contributed to the Company, pursuant to Treasury Regulations under Section 704(c) of the Code.

12.2 Subsequent Allocations. Any special allocations of items of income, gain, loss or expense made pursuant to this Section 12 shall be taken into account in computing subsequent allocations of income, gain, loss and expense pursuant to Section 12 hereof, so that the net amount of any item of income, gain, loss and expense allocated to each Shareholder pursuant to Section 11 hereof and this Section 12 shall, to the extent possible, be equal to the amount of such items of income, gain, loss and expense that would have been allocated to such Shareholder pursuant to such sections if the special allocations of income, gain, loss or expense required by this Section 12 had not been made.

12.3 Interpretation of these Provisions. The provisions of Sections 12.1 through
12.3 are intended to comply with the provisions of Treasury Regulation Sections 1.704-1(b)(2) and 1.704-2 and shall be interpreted consistently therewith.

SECTION 13 Transfers; Assignments.

13.1 General Provisions. No Shareholder may withdraw or resign as a Shareholder or Transfer all or any portion of, or right in or to, such Shareholder’s Shares in the Company, except as provided in Section 13.

13.2 Transfers. All Transfers shall be conditioned upon compliance with applicable securities laws. As a condition precedent to any such Transfer, the Director may require that the Shareholder deliver to them an opinion of counsel satisfactory in form and substance to the Director that the proposed Transfer would not violate any applicable securities laws or result in a termination of the Company for purposes of Section 708 of the Code. All Transfers shall be by instrument in form and substance satisfactory to the Director. Any Transfer in violation of this Agreement, to the extent permitted by applicable law, shall be null and void and shall not operate to vest any rights in the Company in any transferee; and in any event, all Shares which may be transferred by operation of law notwithstanding the provisions hereof, shall continue to be subject to the terms of this Agreement. Every permitted transferee of any Shares of the Company, as a condition precedent to such Transfer, shall execute a counterpart or joiner to this Agreement, agreeing to become a party to and bound by the terms of this Agreement, as the same may have been amended. The transferor shall execute and acknowledge all such instruments, in form and substance satisfactory to the Company as may be necessary or desirable to effectuate such Transfer.

13.3 Certain Transfer Rights; Right of First Refusal; Purchase Option.

(a) Rights of a Shareholder to Transfer Shares. No Shareholder shall directly or indirectly Transfer any Shares of the Company now or hereafter owned by such Shareholder, except in accordance with the terms of this Section 13.

(i) Permitted and Prohibited Transfers. Subject to the other provisions of this Section 13, each Shareholder shall have the right to transfer any or all of the Shares now owned or hereafter acquired by such Shareholder (A) to his/her spouse or issue, (B) to a trust for the benefit of such Persons, or (C) to an entity which is controlled by such Shareholder by virtue of majority equity ownership or permanency in retained voting rights (each, a “Permitted Transferee” and collectively, the “Permitted Transferees”) with the consent of the Director and subject to the Act and Regulations. A transfer to a Permitted Transferee may be made upon death or at any time during the life of the Shareholder, provided, however, that as a condition precedent to the obligation of the Company to recognize such Transfer of Shares each such Permitted Transferee shall become a party to this Agreement by executing a counterpart hereof and agreeing to be bound hereby.

(ii) Right of First Refusal.

(A) If at any time a Shareholder desires to sell or otherwise Transfer any or all of its Shares to a bona fide offer from an unaffiliated third party, (a “Third Party

Page 15 of 26

4838-6482-9017, v. 5
Offer”), then such Shareholder must submit a written offer (the “Offer Notification”) the other Shareholders (the “Non-selling Shareholders”) and the Company to sell such Shares to the Non-selling Shareholders or Company, as the case may be, on the terms and conditions, including the purchase price, not less favorable than those on which the Shareholder proposes to sell the Shares to the unaffiliated third party. The Offer Notification shall include a copy of the Third-Party Offer, and set forth in reasonable detail the name and address of the proposed purchaser, the identities of the proposed purchaser’s business principals, the nature of the proposed purchaser’s business(es), and the amount, terms and conditions of the sales price (the “Purchase Terms”). It is understood and agreed that (i) no Third Party Offer shall encompass or be conditioned upon the sale of any property of the Shareholder’s Shares in the Company proposed for sale or transfer in the Third Party Offer; (ii) every Third Party Offer shall require the transferee to execute a counterpart of this Agreement as a condition of the sale; (iii) any Shares sold to such a third party purchaser shall continue to be subject to the provisions of this Agreement, including the restrictions on Transfer; and (iv) such sale shall be conditional until review and approval under the Regulations is obtained.

(B) Within thirty (30) business days following receipt of the Offer Notification, the Non-selling Shareholders or Company, as the case may be, will notify the Shareholder if the Non-selling Shareholders (or Company) desire to purchase the Shareholder’s Interest for the Purchase Terms (a "Positive Response") or if the Shareholder is free to sell its Interest (a "Negative Response"). A decision by the Company to exercise its right of first refusal will be made by Supermajority Consent of the Shareholders. If the Non-selling Shareholders (or Company) sends a Positive Response to the Shareholder, Non-selling Shareholders (or Company) will acquire and the Shareholder will sell to the Non-selling Shareholders all but not less than all of Shareholder’s Shares proposed for sale or Transfer in the Third Party Offer at the price and on the Purchase Terms; provided, however, if any of the consideration set forth in the Purchase Terms is other than cash, the Non-selling Shareholders (or Company) shall have the option to pay either such non-cash consideration or the fair market value thereof in connection with exercising its right of first refusal hereunder. The closing date for the sale (the “Purchase Date”) will be agreed among Non-selling Shareholders (or Company) and the Shareholder, but in no event will the Purchase Date be more than forty-five (45) days from the date of the Positive Response.

(C) If the Non-selling Shareholders or Company, in response to an Offer Notification, send a Negative Response to the Shareholder, the Shareholder may sell its Shares to the Third Party, under the Purchase Terms described in the Offer Notification, at any time within sixty (60) days after receipt of the Negative Response. If the Shareholder does not complete the sale of his/her Shares to within sixty (60) days after receipt of the Negative Response, any subsequent proposed sale will be subject to the requirements of a prior offer pursuant to this Section 13.

(D) Notwithstanding the foregoing, subject to the Act, Regulations and the terms of this Agreement, Shareholders may, without first offering such Shares for sale to the Company, Transfer all or a portion of their specific class of Shares to other Shareholders within their classification pro-rata in relation to the Shareholders wishing to
acquire and purchase the Shares upon such terms and conditions as such Shareholders shall mutually agree; provided however, any monetary consideration received from such Transfer shall first be applied to the satisfaction and discharge of such Shareholder’s capital account or indebtedness to the Company, if any. Upon completion of such a Transfer, the Capital Accounts of the Shareholders will be amended, accordingly.

(E) The sale of all or substantially all of the Shares in the Company (including pursuant to a merger or consolidation) shall be exempt from the foregoing provisions of this Section 13.3(a)(ii).

(b) **Tax Treatment.** In the event the Company purchases the Shares of a Shareholder pursuant to the provisions of this Section 13, such redemption shall be governed by the provisions of Section 736(a) and not Section 736(b) of the Code.

13.4 **Admission of Substitute Shareholders.**

(a) Subject to the other provisions of this Agreement, an assignee of the Shares of a Shareholder of the Company (which shall be understood to include any purchaser, transferee, donee or other recipient of any disposition of such Shares, including any transfer by operation of law) shall be deemed admitted as a Shareholder of the Company only upon the satisfactory completion of the following:

(i) The consent of the Director, which consent shall not be unreasonably withheld;

(ii) the assignee shall have accepted and agreed to be bound by the terms and provisions of this Agreement by executing a counterpart hereof and such other documents or instruments as the Director may require in order to effectuate the admission of such person as a Shareholder of the Company;

(iii) the review and approval of the purchasing Shareholder by regulatory authorities pursuant to the Regulations;

(iv) If the assignee is a corporation or other form of business entity, the assignee shall have provided to the Director evidence satisfactory to counsel to the Company of its power and authority to become a Shareholder under the terms and provisions of this Agreement;

(v) The assignee shall have paid all reasonable legal fees of the Company in connection with the substitution of such party as a Shareholder.

13.5 **No Assignment/Transfer.** Notwithstanding anything to the contrary herein, Shareholders expressly agree that they will not, voluntarily or by operation of law, pledge, sell,
assign, transfer or in any way encumber or alienate by gift or otherwise all or any portion of the Shares in the Company, whether now owned or hereafter acquired, without the prior written consent of the Director. Any purported transfer in violation of this Agreement shall be void and ineffectual and shall not operate to transfer any right, interest or title to the Shares to the purported transferee.

13.6  Involuntary Transfer of a Shareholder Interest. A creditor’s charging order or lien on a Shareholder’s Shares, bankruptcy of a Shareholder, or other involuntary transfer of Shareholder’s Shares, shall constitute a material breach of this Agreement by such Shareholder. The creditor, transferee or other claimant, shall only be entitled to receive the share of profits and the return of capital to which the Shareholder would otherwise have been entitled, and shall have no right to become a Shareholder, or to participate in the management of the business and affairs of the Company as a Shareholder or Director under any circumstances. The Director, may elect, by written notice that is provided to the creditor, transferee or other claimant, at any time, to have the Company purchase all or any part of Shares that were/are the subject of the creditor’s charging order, lien, bankruptcy, or other involuntary transfer, at a price that is equal to one-half (1/2) of the book value of such interest, adjusted for Profits and Losses to the date of purchase. The Shareholders agree that such valuation is a good-faith attempt at fixing the value of the Shares, after taking into account that the Shares do not include all of the rights of a Shareholder, and after deducting damages that are due to the material breach of this Agreement.

13.7  Bring Along Rights. If at any time the Shareholders, acting by a vote of seventy-five (75%) percent or more of all issued and outstanding Shares (collectively, the “Majority Sellers”), elect to sell or exchange all of the Shares in the Company owned by them to an unrelated third party (the "Proposed Transferee") in an arms-length transaction, then the Company shall have the right (the "Bring Along Right") to require each other Shareholder of the Company to sell to the Proposed Transferee for the same pro-rata consideration received by the Majority Sellers with respect to their respective classes of Shares, all of the Shares held by such Shareholders. To exercise the Bring Along Right, the Majority Sellers shall first give to the Company and each other Shareholder of record a written notice (a "Bring Along Notice") executed by the Majority Sellers and the Proposed Transferee and identifying (A) the Shares to be sold or exchanged and certifying that such Shares constitute all of the Shares in the Company held by the Majority Sellers, (B) the name and address of the Proposed Transferee, (C) the proposed purchase price, terms of payment and other material terms and conditions of the Proposed Transferee’s offer, (D) a statement by the Proposed Transferee that the Proposed Transferee (x) has been informed of the Bring Along Right provided for in this Section 13.7 and (y) has agreed to purchase the Shares in accordance with the terms hereof and (E) the aggregate Shares of each other Shareholder with respect to which the Majority Sellers wish to exercise its Bring Along Right pursuant hereto. Each Shareholder shall thereafter be obligated to sell to the Proposed Transferee the Shares subject to such Bring Along Notice, provided that the sale to the Proposed Transferee is consummated within ninety (90) days of delivery of the Bring Along Notice. If the sale is not consummated within such ninety (90) day period, then each affected Shareholder may sell, but shall no longer be obligated to sell, such Shareholders’ Shares pursuant to such Bring Along Notice. The parties acknowledge that the Shares are unique assets and that money damages would be insufficient to in the event a Shareholder breached its obligations hereunder. Accordingly, in the event of any breach by one or more Shareholders of the provisions of this Section 13.6, the Company and the Majority Sellers
shall be entitled to seek the remedy of specific performance, in addition to all other remedies available at law or in equity.

SECTION 14. Dissolution. The Company shall have a perpetual existence, unless otherwise provided in the Certificate or unless it is dissolved pursuant to this Section 14. The Company shall dissolve, and its affairs wound up, upon the first to occur of the following: (a) the Supermajority Consent of the Shareholders; (b) the sale or exchange of all or substantially all of the operating assets of the Company in accordance with Section 8.6; or (c) the entry of a decree of judicial dissolution or any other event which results in dissolution of the Company under the Act and Regulations.

SECTION 15. Liquidation. The Company shall be liquidated in connection with its dissolution and the assets of the Company shall be distributed as follows: (a) to the payment of debts and liabilities of the Company; and (b) to the establishment of reasonable reserves for unliquidated claims, contingent liabilities and expenses of dissolution and liquidation. After taking into consideration all Capital Account adjustments for all prior periods and for the current fiscal year, any remaining assets shall be distributed to Shareholders, pro-rata, according to their positive capital account balances. IN NO EVENT SHALL ANY SHAREHOLDER HAVING A DEFICIT CAPITAL ACCOUNT BALANCE UPON TERMINATION OF THE COMPANY OR SUCH SHAREHOLDERS INTEREST IN THE COMPANY BE REQUIRED TO RESTORE SUCH DEFICIT.

SECTION 16 Competing Activities: Interested Party Transactions.

16.1 Competing Activities. Subject to the last sentence of this Section 16.1, and the Regulations, the Shareholders and the Director may participate in any business or investment activity, without accountability to the Company or any other Shareholder, including any accountability for any profit, benefit or compensation received in connection with such other business or investment activities, none of which shall be void or voidable by reason of such Person’s relationship with the Company. The Company recognizes that the Shareholders and Director are or may be engaged in the other business and investment activities, whether independently or with others, and that neither the continuation and/or development of such businesses, business opportunities and investment activities, nor the failure to disclose any information relating thereto, will give rise to a cause of action or claim by the Company or the other Shareholders against such Shareholders or Director or their respective other businesses, for any of the profits thereof and the Company shall not have any rights with respect to such other businesses or investments. Notwithstanding the foregoing, no Shareholder or Director, directly or indirectly, may engage in any business or investment activity which competes directly with the business of the Company within Bristol County within the State, without the written approval of a majority of the disinterested Shareholders, provided that ownership of less than five (5%) percent of the equity securities of any publicly traded entity shall not be deemed to constitute a breach of this Section 16.1.

16.2 Interested Transactions. The Shareholders and the Director may enter into contracts with the Company and its Affiliates to the maximum extent permitted by applicable law, all in the same manner and with the same freedom as though such Person were not a Shareholder or Director and without accountability for any profit, benefit or compensation received in

4838-6482-9017, v. 5
connection with such actions or relationships, none of which shall be void or voidable by reason of such relationship.

SECTION 17 Loans and Guarantees. The Shareholders may, but shall not be required to, make loans to the Company and/or guarantee liabilities of the Company. Any loans or guarantees made or given by a Shareholder shall be on such terms and conditions as shall be agreed upon by the Shareholder and the Company.

SECTION 18 Certain Expenses by Shareholders. The Shareholders acknowledge and agree that they are expected to incur certain expenses related to the business of the Company from time to time, including without limitation, expenses for transportation, meals, lodging, long distance and cellular telephone charges, postage and other office and business related expenses. Unless otherwise (i) agreed upon in writing, or (ii) set forth in written policies adopted by the Director from time to time, the Company shall not be obligated to reimburse the Shareholders for all or any part of such expenses.

SECTION 19 Books, Records and Reports.

19.1 Books and Records. The Company shall maintain complete and accurate books and records using either the cash method or the accrual method of accounting, as the Directors may determine, and otherwise in accordance with GAAP. The Company shall also maintain a complete list of the Shareholders of the Company, a true copy of this Agreement, records of proceedings of the Shareholders, the Director and any other documents or records required by the Act. The books and records shall at all times be maintained at the principal office of the Company.

19.2 Tax Information. As soon as available after the end of each fiscal year of the Company, the Director shall send or cause to be sent to each Shareholder the tax information necessary for the preparation by such Shareholder of such Shareholder’s federal and other income tax returns.

19.3 Periodic Reports. As soon as available after the end of each fiscal year, the Director shall cause to be prepared, and upon written request, shall transmit to each Shareholder the financial statements of the Company for the immediately preceding fiscal year. Such financial statements shall be prepared by the Company’s independent certified public accountants in accordance with GAAP, and shall include: (i) a balance sheet of the Company as of the last day of such fiscal year; (ii) a statement of income of the Company for such fiscal year; (iii) a cash flow statement of the Company; and (iv) any other information required to be included in certified or reviewed financial statements in accordance with GAAP. All such financial statements shall be reviewed statements, unless the Director requests that the Company’s certified public accountants prepare audited (certified) financial statements for any particular year(s), in which event the requesting Shareholders will be provided with audited financial statements of the Company for such year(s). Upon written request of a Shareholder, the Director shall also provide to such Shareholder (i) internal financial statements, including a balance sheet and income statement for the immediately preceding fiscal quarter, (ii) a copy of the Approved Budget and (iii) a copy of the Company’s federal income tax return, as most recently filed.
19.4 Informational Rights

The Shareholders shall have informational rights as provided by the Act and other applicable law, provided however, the Company shall not be obligated to provide any information or access to a Shareholder if or to the extent the Company is advised by its legal counsel that such action could result in a waiver of attorney/client privilege as between the Company and its legal counsel.

SECTION 20 Amendments. Except to the extent specifically set forth herein, including without limitation, an amendment described in Section 9 with respect to the issuance of additional authorized Shares, this Agreement may be amended only by a vote of seventy-five (75%) percent or more of all issued and outstanding Shares, provided, however, that no such amendment shall result in dilution of a Shareholder's interest in Profits, Losses and distributions (except on a pro-rata basis with other Shareholders) or require a non-consenting Shareholder to make any additional capital contributions or loans to the Company, or to guaranty any debt or obligation of the Company without such Shareholder's express written consent. Any amendment to this Agreement approved in accordance with the terms of Section 9 or this Section 20 shall be binding upon all Shareholders, whether or not they consented to or joined in such amendment, and the Director shall have the right to execute and deliver any amendment to this Agreement approved in accordance with the terms hereof, in the name and on behalf of any such Shareholder. Any amendment so approved shall for all purposes, including without limitation, the purposes of the Act, have the same force and effect as an amendment manually signed and delivered by all of the Shareholders.

SECTION 21 Headings. Headings and paragraph and section titles are for convenience only and have no significance in the interpretation of this Agreement.

SECTION 22 Resolution of Inconsistencies. If there are inconsistencies between this Agreement and the Certificate of the Company, the Certificate will control and this Agreement will be considered to have been amended in the specifics necessary to eliminate the inconsistencies. If there are inconsistencies between this Agreement and the Act, this Agreement will control, except to the extent the inconsistencies relate to provisions of the Act that the Shareholders cannot alter by agreement. Without limiting the generality of the foregoing, unless the language or context clearly indicates a different intent, the provisions of this Agreement pertaining to the Company's governance and financial affairs and the rights of the Shareholder upon dissolution will supersede the provisions of the Act relating to the same matters.

SECTION 23 Indemnification.

23.1 General. The Company shall indemnify each Shareholder and Director their respective representatives and agents (the "Indemnified Person") who was or is a party, or is threatened to be made a party, to any pending, threatened or completed action, suit or proceeding, whether criminal, civil, administrative or investigatory, by reason of the fact that such Indemnified Person is or was a Shareholder, Director or officer of the Company, or is or was serving at the request of the Company or the Directors as a director, or officer against expenses, judgments, fines, and amounts paid in settlement, actually and reasonably incurred by such Indemnified Person in connection with such action, suit or proceeding, to the maximum extent permitted by the Act and
Regulations, provided however that, in the case of a settlement, the terms of such settlement shall first be approved in writing by the a majority of the disinterested Directors. The Company may, but shall not be required to indemnify any employee of the Company on the same terms, or on such other terms as the Director deem appropriate. Notwithstanding the foregoing, an Indemnified Person shall be entitled to indemnification hereunder for alleged violation of federal and state securities laws only to the maximum extent permitted by such laws. The indemnification rights of Shareholders, Director and officers of the Company shall vest upon such Person becoming a Shareholder, Director or officer, as the case may be, and any subsequent amendment of this Agreement after such person ceases to be a Shareholder, Director and officer shall not affect his or her rights hereunder.

23.2 Advance Payment. The right to indemnification provided for in this Section 23 shall include the right to be paid or reimbursed by the Company, the reasonable expenses incurred by the Indemnified Person, in advance of the final disposition of any such action, suit or proceeding and without any determination as to the Indemnified Person's ultimate entitlement to indemnification; provided however, that the payment of such expenses incurred by any Indemnified Person in advance of the final disposition shall be made only upon delivery to the Company of a written affirmation of Indemnified Person of his or her good faith belief that the Indemnified Person has met the standard of conduct necessary to be indemnified under this Section 23 in a written undertaking in form and substance acceptable to the Directors by Indemnified Person to repay all amounts so advanced if it shall ultimately be determined that such Indemnified Person is not entitled to be indemnified under this Section 23 or otherwise. Such undertaking may be accepted by the Directors without reference to the financial ability of the Indemnified Person to make repayment. Upon receipt of an undertaking by Indemnified Person to repay such advance if he or she shall be adjudicated to be not entitled to indemnification, the Company may make payment of indemnified costs in advance of the final disposition of an action, suit or proceeding. Such advance payment shall be made within sixty (60) days after receipt by the Company of the written request of the Indemnified Person, which request shall include appropriate documentation relating to such costs, such as bills from attorneys for services rendered in connection with such action, suit or proceeding. The rights of Shareholders, Director and officers of the Company to receive advance payment of expenses shall vest upon such Person becoming a Shareholder, Director or officer, as the case may be, and any subsequent amendment of this Agreement after such person ceases to be a Shareholder, Director and officer shall not affect his or her rights hereunder.

23.3 Exculpation. Notwithstanding any other provision of this Agreement, no officer or Director of the Company shall be liable to the Company or to any Shareholder for any act or failure to act if such act or failure to act is based upon the reasonable business judgment of the officer or Director and was taken in good faith, with the reasonable belief that such action or failure to act was in the best interest of the Company and its Shareholders. It is the intent of the parties that this Section 22 shall be binding to the maximum extent permitted by law.

SECTION 24 Governing Law. This Agreement shall be construed and enforced in accordance with the internal laws of the Commonwealth of Massachusetts, without regard to its conflict of law provisions or those of any other jurisdiction. AS A MATERIAL INDUCEMENT FOR EACH SHAREHOLDER TO BECOME A PARTY TO THIS AGREEMENT, EACH OTHER SHAREHOLDER HEREBY CONSENTS TO THE EXCLUSIVE JURISDICTION
AND VENUE OF THE STATE COURTS OF MASSACHUSETTS, AND ALL COURTS FROM WHICH DECISIONS OF THE FOREGOING MAY BE APPEALED FOR PURPOSES OF ANY LITIGATION ARISING FROM THIS AGREEMENT, INCLUDING ENFORCEMENT OF ANY ARBITRATOR'S AWARD UNDER SECTION 26, AND EACH SHAREHOLDER HEREBY WAIVES ANY AND ALL RIGHTS SUCH SHAREHOLDER MAY OTHERWISE HAVE TO CONTEST THE JURISDICTION AND VENUE OF SUCH COURTS.

SECTION 25 Representations and Warranties of Shareholders.

Each of the undersigned Shareholders of the Company hereby represent and warrant to the other and to the Company as follows:

25.1 The undersigned has the legal right, power and authority to enter into this agreement and represents and warrants that the execution and delivery of this Agreement and the performance of the Shareholder's obligations hereunder do not conflict with any agreement, instrument, court or administrative order to which such Shareholder is a party or by which such Shareholder is bound.

25.2 Upon the execution and delivery of this Agreement by the undersigned, it shall represent the valid, binding and legal obligation of the undersigned, enforceable in accordance with its terms.

25.3 The undersigned has had the opportunity to consult with his/her own attorney prior to signing and delivering this Agreement, has read and understands the Agreement and has signed and delivered the Agreement with the intent to be legally bound.

SECTION 26 Mediation; Arbitration.

Opening Procedures
This SOP provides detailed information for Opening and Closing the ESA Marijuana Establishment/Dispensary

In order for the dispensary to officially open to their customers, a manager must be on the premises and directly supervising any and all activity before the dispensary can officially be open. Employees should arrive 30 minutes prior to opening in order to prepare the facility for the day’s traffic and sales. Hours of Operations shall be defined as 8AM until 8PM, Monday to Sunday. Employees will be required to be on-site at their "home dispensary" for work 30 minutes prior to the start of their "shift".

It is the manager on duty’s responsibility to insure the opening checklist is followed and complied with.

- Manager and Retail associates should arrive 60 and 30 minutes respectively, prior to opening to allow enough time to prepare for the start of the day.
- If there is any tampering inside or outside the store, do not enter – remain where you are and call the police.
- Do not open the store alone. Two or more associates must be present before the door is unlocked. Know the duress code for the alarm system.
- Relock the entry door. Station an employee at the front end to let arriving employees in one at a time and relock the door after each entry. (NOTE: Leaving a door unlocked and unmanned – for the convenience of arriving employees – is an open invitation to be robbed or for a thief to enter the store and steal merchandise.)
- Do a visual check of doors, windows, and aisles to be sure nothing was disturbed.

**Closing Procedures**

The closing procedures are established to keep the Marijuana facility in full operation the following day. All employees have a role during closing. The closing responsibilities are primarily comprised of closing the facility and securing product for safe storage.

A checklist should be established and printed every day of tasks to be completed before closing. This list should include these items:

- Filling out daily inventory/production logs
- Inventory management – recording ending daily inventory on log sheets
- Have manager verify inventory quantities are correct
- Inventory reconciliation if necessary
- Pulling and securely storing all recreational Marijuana products.
- Closing and securing the facility for the night.

Dispensary Agents must insure that all products are accurately securely inventoried and secured. The Dispensary Manager is responsible for the final signing off on cash and inventory reconciliation, and ensuring the facility is secure before leaving the premises.

- Do not extinguish or dim any lights until all customers have left the building.
- Do not close the last register until after scheduled closing and all customers have exited the facility.
Always answer the phone, even when it rings after closing.
Always leave in pairs when closing the facility.
Never exit through the rear of the facility.
Ensure all parking lots and exits have adequate lighting and that all bulbs are lit and functioning.

Manager Tasks – At Closing Time

- Walk the floor and restroom for any remaining customers.

- Return all non-defective merchandise to stock.
- Move all defective merchandise to the back room for processing.
- Close and count down all cash registers.
- Cash should be counted away from registers so that it will not be visible to customers remaining in the store or who might be able to view the activity from outside the store through windows.
- Settle all credit Card machines.
- Generate a detailed batch listing.
- Place the detail tape, settlement report and tills in the safe.
- Place tills in a safe overnight and leaving register draws open will better protect the point of sale terminals in the event of a break in because burglars will invariably break into a register.
- All tills should be balanced, with paperwork, immediately following each cashier’s shift so that any discrepancies can be investigated promptly, with the day’s events fresh in the cashier’s mind.
- The countdown of money should be witnessed and formally acknowledged by a manager. The Retail Budtender RB should not know how much money should be in the drawer. The manager should obtain that data from the POS program for use in determining the amount the RB is over or short. If the over/short is exceeds a designated threshold (no more than $1.00), the RB should be required to provide a written statement as to what possibly could have caused the variance.
- Leave closing notes for opening manager and include daily totals, merchandising info and any employee updates.
- Double check all perimeter doors.
- Shut down computer programs.
- Properly shutdown all computers.
- Adjust air conditioning system.
- Turn off all lights.
• Activate burglar alarm system and know the duress code.

KA 2. Emergency Action Plans-
The purpose of these plans and SOPs are to provide specific instructions in the event an emergency occurs at the facility.

Principles of Emergency Protocols

- A facility emergency management plan is designed to educate and train facility employees on the actions and procedures to follow in the event of an emergency
- In the case of an emergency, facility employees will need to respond quickly and think strategically in order to successfully manage the emergency situation
- Having a good understanding of the facility emergency management plan will enable employees to better adapt to and handle emergencies

Recurring Training
All employees will go through initial and recurrent training in emergency action plans, and will also be trained through mentoring and role playing on how to respond to different emergencies in the facility.

It is the responsibility of the Dispensary Manager and Chief Security Officer to document emergency action plans, and to provide recurrent training for all employees for the plans.

A. Burglary

Burglaries generally will occur at the facility after operating hours and while there are no registered employees present. Typically burglaries occur during the night and are not discovered until the next day during normal operating hours.

If upon entering the facility and registered employees notice something is amiss and upon investigation a burglary was determined to have occurred the previous night, then registered employees will be required to document the incident and notify local Law Enforcement.

Stop, leave the Establishment as burglar(s) may still be on the premises. Wait for local Law Enforcement to arrive on scene and deem are clear of threats before reentering the facility.

The Chief Security Officer upon being notified of a burglary and after the crime scene has been cleared so as not to interfere with an ongoing investigation or potentially alter or destroy evidence will:

- Document as much information as possible
- When able, fill out an incident report making sure to put time so it is easy to spot incident on surveillance footage
- Secure the Surveillance Footage
- Massachusetts Cannabis Control Commission
- Notify the Dispensary Manager and General Manager
After an event of burglary, an incident Report must be completed. Follow procedures for filing and Incident Report.

B. Armed Robbery

The purpose of this SOP is to provide registered employees with guidance in the event of an armed robbery.

All employees will be initially trained on protocols for handling an armed robbery, and will also be involved in role playing during the training period to understand the physical and psychological outcomes.

The Security Director is ultimately responsible for creating and modifying protocols to insure employee, and asset security in the facility. The Security Director works with the Dispensary Manager to help employees practice and train for events such as armed robberies.

Procedure Armed Robbery

In the event of a robbery, there are four things that you must remember:

- Remain calm
- Remain alert
- Remain observant
- Comply with the robber’s demands

In the event of an Armed Holdup

- Comply with all demands in a polite, courteous and efficient manner.
- Most perpetrators simply want to take the cash, and get out as quickly as possible.
- Follow the perpetrator’s instructions and commands completely and without hesitation.
- If possible, tell the perpetrator that there are patients here, so please do not hurt anyone.
- Anyone near the silent alarm should activate it, if possible. There should be no rapid, unexplained movements.
- If the opportunity arises that the employee is close enough to the alarm to push the panic button with their knee or to do it without being noticed, then do so with extreme caution.
- If the police show up while the perpetrator is still on the premises, and asks if someone tripped the alarm, the Dispensary Manager should simply say that the cameras are all watched at the police station.
- Never, ever, give any indication that someone alerted the police.
- Do not look into the robber’s eyes, it will only heighten their anxiety about being recognized.
- Our surveillance system will provide the police with the strongest identification of the
perpetrator, so employees do not need to study the individual – it could only lead to tragic consequences

● If possible, tell the employees that they are to do everything the perpetrator asks.
● Open the cash vault if commanded to do so, and then back away.
● Allow the robber unfettered access to the money, so they will take what they want and hopefully leave quickly.
● Avoid confrontation. This is not the time to engage the robber in small talk or to ask why they are doing this. There is no need for any sort of conversation that goes beyond “yes” or “no” unless asked for a specific answer by the perpetrator.
● If the robber demands the inventory, show them where it is in the front room, but do not point out the back room unless they demand to know.
● Open the storage safe for them, and back away.

➢ While the robbery is in progress, employees should make note of their physical characteristics, approximate height and weight, any sort of accent, distinguishing features such as scars or tattoos.

If the perpetrator had a weapon:
● Was it in their right or left hand?
● Was it a revolver, or a semi-automatic?
● Approximately how long was the barrel?
● Their clothing should also be observed – did they wear anything with a team insignia or brand name?
● Were they wearing any sort of brand name clothing or shoes?
● Once the perpetrator has left, do not attempt to follow them outside.
● Try to observe the make and model of the vehicle they left in, or what direction they ran in.
● If possible, write down the License plate number.
● Remember, our parking lot is under camera surveillance, and hopefully the film will provide sufficient evidence for the police to find the suspects

After the Robbery

The police should be contacted as quickly as possible after the perpetrator has left by any means available.
Before the police arrive:

● Obtain the names, addresses and if possible the Registration Cards of any witnesses to the crime
● Request that they remain in the facility until the police arrive as the assailant may try to reenter the facility
● Secure the scene to preserve any evidence.
● Lock the doors, keep people away from the areas where the robbers were in and keep any and all evidence that may have been left behind by the suspects
When the police arrive, answer all of their questions and provide them with any sort of contact information they request. The Chief Security Officer should contact the Chief Operations Officer, General Manager and Dispensary Manager. An Incident Report should be completed as soon as possible. Follow the procedures for filing and Incident Report.

D. Fire Protocols
The purpose of this SOP is to provide guidance to facility employees in the event of a fire.

- The fire alarm systems are capable of continuously monitoring the facility for fire by means of camera recording, door switches, motion sensors, and fire and smoke detectors and will immediately notify Law Enforcement and fire departments both during non-business hours and via manual activation during business hours.

It is important that:

- All employees will be extensively trained and validation techniques will be utilized for ensuring continued competency.
- Quarterly safety, best practices and continued education material will be available for all employees and management.
- The Chief Security Officer and Dispensary Manager review fire procedures/drills, and work with Training to provide beginning and recurrent training for all employees in fire prevention/containment.

In the event of a fire on the premises:

- And you noticing smoke or a fire, break open the fire alarm and announce that the building needs to be evacuated
- Follow facility evacuation plan
- The dispensary manager, if time allows, should move all inventory from the day storage to the safe, along with the cash from the registers. This should only occur if the dispensary manager does not see open flames, or smoke that is too dense to walk through.
- The dispensary manager, if safe to do so, should move through all of the rooms in the
dispensary, and insure that everyone has made it out safely.

- In the event the fire is small and containable, there are portable fire extinguishers throughout the office.
- Use Fire Extinguishers with extreme caution, and if in an electrical junction box, move away and insure the facility is empty.
- Make sure the entrance to the facility is unobstructed for the fire department vehicles.
- Ask if anyone is parked in front of the dispensary to please move their vehicles immediately so the fire department can get through.
- When firemen arrive, detail where you think the fire started, and where it is the heaviest.
- Immediately inform the Chief Operating Officer and Chief Executive Officer of the fire and the current situation.

**Remember the acronym RACER**

**R** – Rescue people from the immediate area. Move people away from smoke and fire, and yell to insure the dispensary is empty.

**C** – Contain the fire by closing all windows or doors if possible.

**E** – Extinguish the fire with an appropriate fire extinguisher for the type of fire being fought (i.e., electrical, chemical, etc.) Only do so if it does not involve any risk of life.

**R** – Relocate to a safe area. Make sure the dispensary is cleared, and move people away from the entrance and any windows.

**Recovery**

Once the situation is stabilized and the area is safe to go back into the General Manager and Dispensary Manager will:

- Assess the damage must be assessed
- Move Inventory
- Block off the entire area except for access to first responders and management
- Designate employees will begin the effort to restore the area if possible, and if not, to ensure that all employees are warned not to go past any blockades set by the fire department.
- Ensure management has contacted the necessary insurance personnel to begin the recovery effort.

In order to insure the safety of employees and visitors to our facility, we will train employees before starting employment on what to do in case of a fire. Training is updated twice a year.

**Fire Risk Mitigation**

In order to avoid fire emergencies, we have adopted the following protocols:

- Cut back brush or vegetation that may be impeding on any structures on our property.
- Remove dead wood and combustible litter from the site.
• If possible, enclose the underside of eaves and decks with fire-resistant materials to keep out flying embers.
• Develop, review, and share fire pre-plans with local fire departments

KA 6. Handling Cash
This purpose of this SOP is to ensure that cash is transferred from the registers to the safe and from the facility to the bank.

Internal Controls - The General Manager shall ensure that a system of controls is maintained for cash handling and accounting functions. Tight controls will remove opportunities for unauthorized access to cash.

The General Manager or his delegate will:
- Ensure there is dual custody (2 ESA Marijuana Establishments employees) are assigned to safeguard cash any time cash is transferred from the registers to the safe and from the facility to the bank
- Ensure that any petty cash will be under the control of the Dispensary Manager and reconciled daily.
- Ensure that the petty cash account will not exceed $5,000.
- Ensure accounting of all receipts and vouchers.
- Ensure the drawer is in balance at all times.
- Ensuring every cash transaction is put through the register
- Maintaining a system that allows cash to be deposited into a safe in a secure room

All cash handling must be recorded in front of a surveillance camera

Cash Handling – Opening Procedure

- A manager must first open the restricted access closet and secure the door.
- Once secured the Dispensary Vault DV may be opened.
- The manager will take out bank bags for the appropriate POS cash drawers. The bank bags will each contain the designated beginning balance for each drawer.
- Each bank bag will be named, and the breakdown of currency will be documented on the Bank Bag Log from the previous evening.
- Once the bank bags have been removed, the manager must update the Dispensary Vault Balance Sheet to reflect the new balance of the vault (no physical cash count of the entire vault is necessary at this point).
- The manager will then close the DV.
- Once the DV is closed, the manager will exit the secured area, closing the door behind.
- The manager will issue the bank bags to the assigned Retail Budtender RB and document on the Bank Bag Log to whom each bag was issued.
- The RB will verify the contents of the bag is the specified beginning balance and transfer the contents to the POS cash drawer.
- If a RB discovers any bag discrepancies, they must notify management for an immediate recount and investigation if necessary.
- The drawer should then remain closed until sale operations begin.
Cash Handling – Mid-Day Procedure

Drawer Limit:

- It is the responsibility of the Retail Budtender RB to notify management when they have reached the current maximum drawer limit of $5,000.00
- The manager will then remove the POS cash drawer, along with the bank bag and return to the restricted access closet.
- All but the beginning balance will be removed, counted, documented, and deposited in the original bank bag.
- The bank bag will then be placed in the Dispensary Vault DV and secured.
- The DV balance sheet will be updated.
- The RB will then be asked to enter the secured closet and verify the contents of the drawer before returning to their workstation.
- Manager will secure restricted access closet.

Second Shift Personnel Change/ Drawer Reconciliation:

- Once the second shift arrives, the manager will begin issuing bank bags and POS cash drawers, while reconciling others.
- Individually, second shift retail budtenders RB, will be asked to enter the restricted access closet, where they will be issued bank bags and POS cash drawers.
- Once the first bag is issued and the contents verified, the manager and RB will exit, secure the closet and make the first employee switch.
- The manager will pull an RB POS cash drawer and bank bag if still available.
- The manager and RB will then enter the secured closet, reconcile the drawer and document the deposit on the End-of-day EOD Drawer Balance Sheet. Always accounting for any previous deposits made throughout the day.
- If any discrepancies are determined, the RB must document where they feel they arose from and the manager must then further investigate.
- Once the drawer is properly accounted for, the RB may leave.
- The manager again will return the bank bag to the beginning balance, updating spreadsheets accordingly.
- The next RB will then be asked to enter, and the process will continue until all assigned second shift RB have been issued a bank bag and drawer.
- The DV Balance Sheet, Bank Bag Log and EOD Drawer Balance Sheet will continue to be updated with each deposit.
- Once reconciled the manager will complete straps of cash (See Cash Strapping Procedures below).
- Reverify DV balance sheet and secure Vault

Cash Handling – Closing Procedure
At the end of the business day, the cash in each POS cash drawer will be reconciled as stated above and documented accordingly, including the denomination of each bill.

The manager will then transfer all of the cash, less the beginning balance from the drawers to the vault. Updating the DV balance sheet accordingly.

All bank bags should return back to the beginning balances, logged, and secured in the Vault.

Once all cash has been transferred to the DV, the manager will make complete straps of cash (See Cash Strapping Procedures below).

Once cash has been strapped appropriately, the manager will update the Vault Balance Sheet to reflect the amount of cash secured.

A physical hard count of the cash in the DV should ideally be completed at the end of each business day. It is up to the facility manager how frequently a hard count of the vault cash should be performed.

**Cash Strapping Procedures**

Cash should be strapped using the bank standard format:

- $1’s X 100 = $100
- $5’s X 100 = $500
- $10’s X 100 = $1,000
- $20’s X 100 = $2,000
- $50’s X 100 = $5,000
- $100’s X 100 = $10,000

Please refer to the Cash Reconciliation Format below.

**Cash Handling and Transportation Requirements**

This SOP defines the procedures to be used when handling cash while Transporting Marijuana and Marijuana Products.
The ESA Marijuana Establishment/Dispensary when conducting any transaction in cash will establish and implement adequate security measures and procedures for safe cash handling and cash transportation to financial institutions or DOR facilities to prevent theft and loss, and to mitigate associated risks to the safety of employees, customers and the general public. Adequate security measures will include:

- An on-site secure locked safe or vault maintained in an area separate from retail sales areas used exclusively for the purpose of securing cash
- Video cameras directed to provide images of areas where cash is kept, handled and packaged for transport to financial institutions or DOR facilities, provided that the cameras may be motion-sensor activated cameras and provided, further, that all cameras be able to produce a clear, still image whether live or recorded
- A written process for securing cash and ensuring transfers of deposits to the ESA Marijuana Establishment/Dispensary financial institutions and DOR facilities on an incremental basis consistent with the requirements for deposit by the financial institution or DOR facilities
- Use of an armored transport provider, Plymouth Armored Group, that is Licensed pursuant to M.G.L. c. 147, § 25 (watch, guard or patrol agency) and has been approved by the financial institution and the Commission.

Notwithstanding the requirement of 935 CMR 500.110(7) (a) (4), ESA Marijuana Establishment/Dispensary may request an alternative security provision under 935 CMR 500.110(2) for the purposes of cash transportation to financial institutions and DOR facilities. Any approved alternative security provision will be included in the security plan shared with Law Enforcement in the municipality in which the ESA Marijuana Establishment/Dispensary is Licensed and periodically updated as required under 935 CMR 500.110(1)(q). To be determined to provide a sufficient alternative, any such alternative safeguard will include, but may not be limited to:

- Requiring the use of a locked bag for the transportation of cash
- Requiring any transportation of cash be conducted in an unmarked vehicle
- Requiring two registered ESA Marijuana Establishment/Dispensary Agents employed by the Licensee to be present in the vehicle at all times during transportation of deposits
- Requiring real-time GPS tracking of the vehicle at all times when transporting cash
- Requiring access to two-way communication between the transportation vehicle and the ESA Adult Retail Establishment
- Prohibiting the transportation of Marijuana or Marijuana Products at the same time that cash is being transported for deposit to a financial institution
- Approval of the alternative safeguard by the financial institution

All written safety and security measures developed under this section will be treated as security planning documents, the public disclosure of which would jeopardize public safety.

**Cash Pickups** - Plymouth Armor Group has been hired to pick up and transport cash to the financial institution.
Plymouth Armor Group is considered the best practice for cash transport by the state regulators, as well as Century Bank and all other banks. Founded by former Law Enforcement, DEA, and homeland security experts, they are Licensed, bonded, and insured and have been fully vetted by all of the banks in the state accepting cannabis related cash. They helped spearhead the cash transport and banking working group with the Cannabis Control Commission to ensure best practices with a public safety focus were developed.

Cash Pick up Process:
- An email with the total transport value should be sent to Abigail Schnibbe, VP of Operations, abigail@plymoutharmorgroup.com, the night before or morning of the transport to confirm the transport amount does not exceed 250K.
- On day of pickup, the dispensary receives a call from Plymouth Armor Group (PAG) couriers 15 minutes prior to arrival.
- A chain of custody switch between the Plymouth Armor Group and the CSA Marijuana Establishment/Dispensary will be accomplished in no more than 15 minutes as Plymouth Armor will not remain on site for any longer. Upon arrival, PAG couriers require a paper and electronic signature from the RMD Agent /Manager doing the transaction.
- Plymouth Armor Group will take photographs of the Dispensary Manager’s ID.
- Plymouth Armor Group will take photographs of all the cash transport bags to ensure there is no tampering upon drop at the bank.
- All bags will be prepared in the bank provided deposit bags prior to Plymouth Armor Group’s arrival.
- Deposit slips will be placed inside the bag to avoid loss when dropped in the bank deposit box.
- The deposit bag(s) are then placed in a lockable cash transport bag to be transported out of the facility and into the armored vehicle where it is then placed in another locked compartment.
- The cash pickup is transported to the designated financial institution*
- Pickups will be performed 4 days during the week*
*information limited for security reasons

Compliance and Best Practices:
- Fully Armored Vehicles
- Puncture Proof Tires
- Bullet Proof Glass
- Armed Couriers with Law Enforcement, military, or security expertise.
- GPS Tracking at all times
- Interior and Exterior Cameras
- Email with amount night before/day of

Cash Delivery to ESA Marijuana Establishment/Dispensary-Initial cash delivery to the facility and servicing of the ATMs throughout the day will be performed by Plymouth Armor Group.
KA 7. Packaging and Labeling
The ESA Marijuana Establishment/Dispensary will be buying Marijuana and Marijuana products from approved Mass Cannabis Cultivators and receiving the product in 2 ways. A cultivator’s Licensed and approved transportation Agent or a Licensed or purchased Nova Farms vehicle. The transportation operations are outlined in KA 11. Transportation Between Marijuana Establishments
Product Labeling –
The ESA Marijuana Establishment/Dispensary will be buying Marijuana and Marijuana products from approved Mass Cannabis Cultivators and Product Manufactures that is already Licensed in the state of Mass and we will accept product in the following manner:

- Wholesalers will be delivering pre-packaged (and not pre-packaged) product to our facility
- Prepackaged goods will have a validated Cannabinoid profile on them already
- We will scan the product into metrc and then generate new bar codes from Flowhub to affix to product.

For those products that are not prepacked ready for sale and come in bulk:

- We will scan into metrc... break down product into desired weight package
- We will then print the validated Cannabinoid profile, from batch, bar code identifier and all proper warnings on the packaging

KA 8. Testing
The ESA Marijuana Establishment/Dispensary will be buying Marijuana and Marijuana products from approved Mass Cannabis Cultivators and Product Manufactures that is already Licensed in the state of Massachusetts therefore, all product that we receive will come with a test and the full Cannabinoid profile. We do not retest any wholesale product.

KA 9. Weight and Measurements and Scale Calibration
The purpose of this SOP is to explain how to use certified scales for weights and measurements and to train registered employees on proper use of NTEP certified scales to be used for weights and measures as well as scale calibration/certification.

In order to tare the scales internally, there must be a standard stand-alone weight to zero the scale, and the scale calibration log must be updated.

The facility will utilize NTEP-certified scales for the weighing of all Marijuana, Marijuana products, Marijuana waste and all green waste.

NTEP Certification— The National Conference on Weights and Measures issues an NTEP Certificate of Conformance following successful completion of an evaluation of a device. It indicates that the device(s) described in the Certificate is/are capable of meeting applicable requirements of the NIST Handbook 44.
Scale Calibration and Frequency
The facility will ensure that all scales and balances are calibrated by an accredited calibration service supplier. The frequency of having the facility’s scales calibrated will be on a six (6) month basis. This routine calibration will be documented on the Scale Calibration Log sheet and maintain on the Licensed premise.

Quality control and contaminant testing procedures, as applicable under license type

Nova Farms will achieve an exceptional standard of quality by implementing rigid operational procedures, maintaining a sanitary, controlled environment, and utilizing ISO laboratory testing.

Cultivation and processing areas will be cleaned and monitored daily for signs of contaminants such as mold, fungus and pests. If contamination occurs, trained employees will remedy the contamination, relying on their individual expertise and peer support from the industry professionals employed by or consulting with us.

We will meet or exceed all sanitary guidelines. Staff will use locker rooms to transition into uniforms and store personal belongings before entering the cultivation or processing areas. Upon entering these specific areas, personnel will enter a sanitation chamber equipped with air showers and UV lights to mitigate potential contaminants.

Our standard operating procedures for equipment sanitation will include a multipart cleaning process with any equipment or instruments that come in contact with cannabis. The first part of the cleaning process will be the separation of any dried or scrap products that may be around the equipment and surfaces. This will be done ongoing throughout the day to avoid any sort of buildup from the scrap products. Next, the equipment and instruments that come into contact with the cannabis will be broken down into its component parts and any open equipment panels will be inspected. All equipment and environmental surfaces will be then cleaned with detergent and hot water. The water will be heated to between 130 and 160°F, depending on the cleaning chemicals used.

The cleaning will involve additional steps and multiple cleaning compounds which may contain several ingredients, depending on the contamination to be removed, hardness of water, and prevention of scale formation on the exposed surfaces. The standard operating procedures will also detail a failure of not cleaning adequately such as product shelf life and quality, microbiological problems, regulatory noncompliance reports, or even possible closure and other sanctions. The final step in the process is to apply sanitizer to all cleaned and rinsed surfaces to destroy hidden microorganisms. Effective use of sanitizes is integral to controlling microorganisms for cannabis safety and products stability. It will be taught and tested in training that sanitizing does not replace thorough handwashing or equipment and facility cleaning.

Regular inspections and pest management will be a part of our facilities standard operating procedure. The inspection of plants will include a macro view of the plant without any magnification to look for signs of nutrient deficiency, pest, mold, rot, proper pH, proper runoff or drainage of excess moisture; flower and bud inspections to ensure there are no hermaphroditic plants; leaves and stems are healthy, observation of root growth, inspection of the growth medium, and proper trimming.

The absence and control of pests is part of the standard operating procedure and daily inspection reports. Plants will be viewed with a 60x eye loop by a trained employee to look for
any signs of pests, mites, or any other insect or disease. Both the top of the leaves and the bottoms will be inspected for any eggs, webs, or actual insects. Any signs of infestation will be documented such as white or dark spots in a discoloration of the leaves indicating any sort of nutrient deficiency.

Our facility will have a quality assurance officer who will help create the algorithm and accompany metrics for sampling batches pursuant to our standard operating procedures for valid sampling methods. The independent testing laboratory will be sent the product by the quality assurance officer, who established the company’s testing requirements and sample size required for in process and finished products. There will be a formal validation process that will demonstrate the ability of the sample produced by the requisite algorithm to produce reliable and repeatable results. All laboratory functions, including sampling, will be performed in compliance with good laboratory practice.

The facilities standard operating protocol will mandate that any laboratory contracted with will fulfill our testing requirements per the Commonwealth’s regulations for reporting, analysis, sample size, sample retention, and sample destruction. When a batch is sent to our independent laboratory, the analysis will be documented and sent via fax or email back to our facility. The lab results will include a breakdown of the search elements required by the Commonwealth to ensure customer safety, along with a chemical composition description of the batch, testing results including pesticide residue, residual solvents, microbiological testing, stability, along with observations for odor, appearance and moisture content.

To ensure integrity and consistent dosages, all medicine shall be tested at an approved ISO facility, preferably CAN-9009 certified, pursuant to 935 CMR 500.160. Testing will ensure potency, purity and medicinal value. Quantifying these values will provide accurate and consistent dosing for all marijuana products and allows patients to make informed selections of contaminant-free medicine. No marijuana product will be sold or otherwise marketed for adult use that has not first been tested by an Independent Testing Laboratory and deemed to comply with the standards required under 935 CMR 500.160.

Testing of marijuana products shall be performed by an Independent Testing Laboratory in compliance with the Protocol for Sampling and Analysis of Finished Medical Marijuana Products and Marijuana-infused Products, as amended in November 2016, published by the DPH. Testing of environmental media (e.g., soils, solid growing media, and water) shall be performed in compliance with the Protocol for Sampling and Analysis of Environmental Media for Massachusetts Registered Medical Marijuana Dispensaries published by the DPH.

We shall have a written policy for responding to laboratory results that indicate contaminant levels are above acceptable limits established in the DPH protocols identified in 935 CMR 500.160(1). The policy shall include notifying the CCC within 72 hours of any laboratory testing results indicating that the contamination cannot be remediated and disposing of the production batch. The notification will come from both us and the Independent Testing Laboratory, separately and directly. The notification from us will describe a proposed plan of action for both the destruction of the contaminated product and the assessment of the source of contamination.
We shall maintain the results of all testing for no less than one year. All transportation of marijuana to and from Independent Testing Laboratories providing marijuana testing services shall comply with 935 CMR 500.105(13). All storage of marijuana at a laboratory providing marijuana testing services shall comply with 935 CMR 500.105(11). All excess marijuana will be disposed in compliance with 935 CMR 500.105(12), either by the Independent Testing Laboratory returning excess marijuana to our facility for disposal or by the Independent Testing Laboratory disposing of it directly.

Upon completion of testing, and the issuance of a satisfactory certificate of analysis that meets or exceeds our quality control standards for purity as well as falling within the Commonwealth’s published acceptance criteria, the quality insurance manager will assign an expiration date to the batch. The expiration date of the batch will be determined by the quality assurance manager who will ensure that the stability and expiration date of the finalize distributed cannabis product falls within the previously assigned time frames. The expiration date will be validated and stable for a minimum of 60 days under the specified storage conditions (light, temperature and humidity) when opened. They will also specify storage conditions once the package is sealed, during transport and at our facility. Product shelf life specifications will include all required storage conditions including storage at our facility once the package is sealed, during transport, at the dispensary facility, in the customer’s home and samples retained for future testing.

In the event one of our product tests reveals that it falls outside specifications for a customer consumption, the recall program detailed in the SOP’s will be utilized to remove the affected product from our shelves, and to contact any facility where it might have been shipped. The quality assurance manager will use the SOP’s to:

- Insure the restriction of movement between production department of any the batch or lot identified as an issue;
- Identify any product that has the questionable material in it and isolate it in either in a container for further testing, or in a container for product that is to be destroyed.
- The quality assurance manager will initiate a recall as determined by the SOP’s by contacting any identifiable client who received the product in question;
- Create an email, certified letter, or phone number list in order to contact any person who may either have ordered or somehow has in his or her possession any inventory containing the product in question;
- Order the actual recall and begin the task of contacting anyone who may have the inventory or whom he knows was a client and physically received it.

The notification of all customers or entities that may have received the inventory in question will be done using the facility’s SOP which requires documentation that the customer or entity was attempted to be contacted. The quality assurance manager will query the seed to sale tracking software in the fields that will allow him or her to create a report showing the name, contact information, and the lot and batch from which they purchased the affected inventory. The quality assurance manager will document the identified specific inventory along with the bar code numbers and will then make contact with the head of each facility where it was shipped and send them a copy of the documentation with a priority message to remove it from their shelves.

The message that is sent to all managers of any facility that has either purchased or somehow obtained the batch and lot in question will specifically state that the company should contact the quality assurance manager to obtain an RMA (return merchandise authorization number). All RMAs
will be recorded, and the quality assurance manager will insure that the other facility’s director understands that they should return the product through a licensed transporter, who will pick up the product at no charge to them.

Every new clone or seed will be designated as either medical or adult use. Biotrack software will create an image, barcode and serial number reference tag for each new clone or seed. This tag is used to reference, track, and log data about each plant, beginning with propagation of the seed or clone, throughout the vegetative and flowering stages.

Processing and manufacturing marijuana will be monitored using Leaf-Logix. This software carefully tracks production of raw marijuana material as it is processed into finished goods. Finished products will be weighed, packaged, inventoried, and labelled using Leaf-Logix software. This software will carefully track products from packaging to point of sales.

All medical marijuana will be separately tagged and tracked, and we will use operating procedures for inventory management that strictly adhere to the requirements stated in §725.015(g). All adult use marijuana will be separately tagged and tracked, per 935 CMR 500.105(8).

All medical marijuana and adult use marijuana will be stored and packaged separately. Each will contain labelling specifically identifying it as either medical marijuana or adult use marijuana.

There will a physical separation between the medical and adult use sales areas by the use of a stanchion. There will be separate lines for sales of marijuana products for medical use and marijuana products for adult use. However, a holder of a Medical Registration card may use either line and shall not be limited only to the medical use line. Nova Farms LLC shall provide an area that is separate from the sales floor to allow for confidential consultation.
BCWC LLC has welcomed the opportunity to develop a plan to use dedicated resources to positively impact areas of disproportionate impact within the Commonwealth (“Plan”). Set forth below is BCWC’s proposed Plan which, among other considerations, takes into account the rules, regulations, and guidance documents of the Cannabis Control Commission (“CCC”) as they relate to establishing and implementing plans to address areas of disproportionate impact.

1. Identification and Selection of Area(s) of Disproportionate Impact for Implementation of Plan.

BCWC has taken note of the communities of disproportionate impact identified by the CCC:

BCWC’s intends to implement its Plan to primarily benefit the communities of Mansfield and Taunton, given their proximity to BCWC’s Attleboro location (the “Selected Communities”). To the extent that Attleboro is later determined by the CCC to be an of disproportionate impact, BCWC intends to revise its Plan to include that municipality as an additional Plan beneficiary.

2. Two-Prong Approach to Positively Impact Areas of Disproportionate Impact. BCWC’s Plan to positively impact the targeted communities will be two-fold.

A. Financial Support of Worthy Causes.

In the first instance, BCWC will implement a donor-based initiative. Specifically, BCWC will provide additional financial resources to nonprofit community-based organizations which offer a safe environment and support system for youth within the Selected Communities. In particular, BCWC will make financial contributions to the Boys and Girls Club of Taunton, as well as the Hockomock Area YMCA’s Mansfield Arts & Education Center. These organizations provide critical services to the youth in their respective host communities, including after school programs and other initiatives that provide youth with positive alternatives to crime and drug use.

Total financial contributions will be no less than $10,000.00 annually. Contributions shall be made no less than annually and shall come no later than sixty (60) days following the close of BCWC’s fiscal year. This Plan accounts for all adult use applications filed, and to be filed, by BCWC, and that the payments, in the aggregate, won’t exceed the amount identified in the Plan.

B. Industry-Specific Instruction.

In an effort to benefit work-force eligible residents within areas of disproportionate impact, BCWC intends on making its professional staff available to provide industry-specific instruction. In particular, BCWC will make its professional staff available for no less than an
aggregate total of fifty (50) hours per year – based upon BCWC’s licensing cycle – for educational seminars for eligible residents of communities of disproportionate impact in one or more of the following areas: (i) marijuana cultivation, (ii) marijuana product manufacturing, marijuana, (iii) retailing, and/or (iv) marijuana business training. These seminars will be held in such a manner so as to comply with the seminar training component contemplated in Commission’s regulations pertaining to Social Justice Leaders.
